DIRECTOR OF CENTRAL INTELLIGENCE
Joint Atomic Energy Intelligence Committee

24 June 1988

MEMORANDUM FOR: Acting Director of Central Intelligence

FROM:

Chairman, Joint Atomic Energy Intelligence
Committee

25X1

SUBJECT Request for Additional Billets (U)

1. Action: That you approve the recommendation in paragraph 3. (U)

2. Background: There have been three recent developments with a direct impact on the Joint Atomic Energy Intelligence Committee (JAEIC):

a. A new emphasis on treaties involving nuclear weapons and the resulting Intelligence Community monitoring responsibilities.

b. A strong push by the Deputy Director for Requirements and Evaluation of the Intelligence Community Staff to insure that production requirements are considered in all decisions on funding for collection programs.

c. A commitment by members of the Nuclear Intelligence Community to address issues as a group in order to define Intelligence Community views.

25X1

In the area of treaties, the emphasis has been on the improvement of techniques for monitoring the existing Threshold Test Ban Treaty. There has also been significant emphasis on improving our ability to monitor more restrictive treaties that may be adopted in the future. Responding to these has been difficult because most of the technology that could be applied for monitoring nuclear testing is being developed outside the Intelligence Community. The JAEIC lacks the resources to effectively track and evaluate the technology for possible application to Intelligence Community needs. If the JAEIC is to fulfill its responsibility of doing the best job possible in reporting Soviet nuclear test yields, then it must become

NOTE FOR: Acting Director of Central Intelligence

FROM:

[REDACTED]
Acting Director, Intelligence Community Staff

STAT

SUBJECT: Recommendation (U)

REFERENCE: ADCI Request to D/ICS, ER 2501X-88, 24 Jun 88, Subject: Request
for Additional Billets (U)

This note responds to your request (see reference attached). (U)

We believe that this request by Chairman, JAEIC, is needed, balanced, and
should be approved so that two additional billets are added to the JAEIC
Secretariat from within the CIAP. [REDACTED]

25X1

Beyond the obvious, substantive merit, such a step will be useful as we
complete the work for HPSCI this summer and autumn in response to HPSCI's
report criticizing the performance of US intelligence on monitoring nuclear
testing. [REDACTED]

25X1

If you need any additional help, please let us know. (U)
